1. INTRODUCTION

- 1.1 This statement details the charges to persons (Users) using the Electricity Network Company Limited's (ENC) and Independent Power Networks Limited's (IPNL) Electricity Distribution System for the provision of metering point administration and data services.
- 1.2 Any reference to 'Our' or 'We' relates to both The Electricity Network Company and Independent Power Networks Limited.
- 1.3 The statement has been prepared in accordance with the requirements of Standard Licence Condition 18 of the Electricity Distribution Licence granted in accordance with the provisions of the Electricity Act 1989 (as amended from time to time).
- 1.4 The charges are provided pursuant to Retail Energy Code (REC) and Balancing and Settlement Code (BSC). Additional services will be quoted separately and billed in accordance with the Distribution and Connection Use of System Agreement (DCUSA).
- 1.5 The Licence requires that the terms and charges contained in this statement may be reviewed at least once each year. The charges and costs shown will apply from the 1st April 2023 and are exclusive of VAT. They will not be changed except as provided for in the relevant DCUSA schedule and subject to the requirements of Standard Condition 36 of the Licence.
- 1.6 This statement has been prepared in a form approved by the Gas and Electricity Markets Authority (the 'Authority').
- 1.7 ENC and IPNL's charging statements on the:
 - Use of System (UoS) Charging Methodology (SLC13);
 - Use of System (UoS) Charges (SLC14); and
 - Connections Charging Methodology and Statementare published separately and available via the relevant website.
- 1.8 Upon request, a hard copy of this statement can be provided at a cost of £10.00 plus VAT. Alternatively, electronic copies are available via our website, www.gtc-uk.co.uk free of charge.

2. ENTITLEMENT TO USE MPAS

- 2.1 The applicant will be required to be a signatory to the Retail Energy Code (REC) and Balancing and Settlement Code (BSC) for the provision of registration services.
- 2.2 In accordance with Licence Condition 23, Metering Point Administration System (MPAS) are provided under the REC and BSC. Users should refer to the REC Code Manager and Elexon if they wish to become a party to these agreements.

3. CHANGES TO STATEMENT CHARGES

- 3.1 Charges shown are current at the time of publication. Changes to these charges will be subject to the provisions of the relevant use of system agreement.
- 3.2 We shall give at least 30 days' notice of any changes to the charges in this statement.
- 3.3 In accordance with the DCUSA, the Company may vary such charges at any time and the Company shall use reasonable endeavours to: (1) vary such charges no more than two times per year: and (2) vary such charges with effect from 1st April or 1st October. Such charges and any variations are and will be calculated in accordance with the provisions of the Relevant Charging Statement.
